

**CAULFIELD & DISTRICT NETBALL ASSOCIATION**  
**MEMBER COVID-19 NOTIFICATION PROTOCOLS**

If you reasonably suspect you or someone could have COVID-19, or has been exposed, this creates a health risk at our place of work and leisure (Duncan MacKinnon). Nobody is expected, nor should try, to diagnose people with COVID-19, but in order to minimise the risk of CDNA members being exposed to COVID-19, as reasonably practicable, the following steps may be followed.

**YOU OR THE PERSON YOU ARE CONCERNED ABOUT IS AT THE DUNCAN MACKINNON**

**1. ISOLATE**

Prevent the spread. Isolate yourself or the person from others and provide a mask, if available, for the person to wear

**2. SEEK ADVICE**

Call the Coronavirus helpline. Follow advice of public health officials. If you or they are having severe breathing difficulties, call 000 immediately. Please get tested as soon as possible

**3. TRANSPORT**

Ensure you or the person has transport to their home or to a medical facility

**4. CLEAN**

Where possible, clean and disinfect any immediate areas where the person and close contacts have been and speak with a CDNA representative to organise cleaning for any other applicable areas. Do not use those areas until this process is complete.

**5. IDENTIFY & INFORM**

Consider who you or person has had close contact with. If instructed by public health officials, tell close contacts they may have been exposed and follow advice on quarantine requirements. Alert CDNA staff so they are aware and can assist with the process confidentially.

**YOU OR THE PERSON YOU ARE CONCERNED ABOUT WAS RECENTLY AT THE DUNCAN MACKINNON**

**1. SEEK ADVICE**

Call the Coronavirus hotline. Follow advice of public health officials. If you or they are having severe breathing difficulties, call 000 immediately. Please get tested as soon as possible.

**2. IDENTIFY & INFORM**

Where possible, identify who you or the person had close contact with. If instructed by public health officials, tell close contacts they may have been exposed and follow advice on quarantine requirements. Contact CDNA to inform and give them as much information as possible so it can be followed up confidentially and in more detail by them, as well as applicable cleaning completed
