

The INSPIRE NETBALL GROUP

ESTABLISHED 2011

EMERGING TALENT ACADEMY

At Inspire Netball Group we are passionate about developing young athletes to give them the best opportunities in the future. Our emerging talent academies have been designed by our Elite Level Coaches and focus on building the fundamental skills of netball in an athlete-centred environment.

Athletes will gain further understanding around the technical and tactical elements of netball as well as improve on their game sense and court specific knowledge.
